

AMENDMENTS TO THE SPECIFICATION

Please amend the paragraph beginning on line 19, page 8 as follows.

Returning to FIG. 3, after the master mobile terminal 21 selects a song and requests the song from the Karaoke SP 15 through the mobile communication network 14, the master and slave mobile terminals 21 and 22 receive service contents related to the song from the Karaoke SP 15 in step 33.~~{?}~~ The contents reception is carried out in two ways, which will be described later with reference to FIGs. 5A and 5B.
